in the presence of the Prosecutor and previous to the law warnings that have been made to me, spontaneously under oath declare:

That I am the Captain Eagle Eye Fishing Vessels. That this is my second trip to Puerto Rico. That we arrived at Pier 9, San Juan, approximately sometime after 12:00 A.M., on March 12, 2002.

That once we got there it was approximately 2:30 A.M., when we started getting the fish ready to be packed. We started approximately at 4:00 A.M., and it took approximately four hours to pack all the fish and after we finished packing we took a little break and the crew were instructed to get the ice out of the fish hold and scrub the hold clean and I informed them that when finished they would receive an advance of their pay and they could do whatever.

When he told me that, I immediately, went to my boat and found Danny lying in a lot of blood, Marco was trying to control the bleeding by putting direct pressure on Danny's side. Danny started losing pulse and his breathing stopped and I administered CPR for approximately eight to ten minutes, but he was gone.

The police arrived, the paramedics arrived and then everybody asked told me what had happened. They told me that Jerome and Danny had an argument and Jerome stabbed Danny several times. I did not see it happen.

The crew members are, Captain David Walton, Danny Wright, Marco Williams, Eduard McCarty and Kevin Charles Dillon C/P Jerome. That Danny and Marco had been with me on previous vessels for many years, and Edward and Jerome had been Eagle Eye Corp., previously and
